RICOH Interactive Whiteboard D6510

RICOH
imagine. change.

Update your workstyle

The Ricoh Interactive Whiteboard D6510 is here to help you reimagine your workplace. It gives your teams the tools they need to share information, exchange ideas and make decisions together. And it enables this in real time, from any location, saving time and travel costs. With its 65-inch touchscreen and full HD resolution, this all-in-one remote collaboration hub is suitable for conference and large meeting rooms. The D6510 transforms everyday meetings into highly productive working sessions.

- One-stop collaboration hub with document annotation and web browsing capabilities
- Video conference-ready with built-in speakers and microphone, enhanced by Ricoh camera (optional)
- Integrates with Ricoh video conference services: UCS and UCS Advanced, and Skype™ for Business
- Designed for ease of use with two controller options: original Ricoh and OS free
- Adding Ricoh Streamline NX (SLNX) enables secure card-based device access and allows you to email and print anything produced on the whiteboard

Transform your teamwork

Work together anywhere, anytime

Promote rich team collaboration with real time remote document sharing that gets everyone on the same page. With its built-in speakers and microphone and Ricoh camera (optional), the D6510 is video conference-ready and integrates with Ricoh UCS services and Skype™ for Business.

## A one-stop solution for collaboration

Enable better communication and unified teamwork in meetings and presentations. The D6510 has a high resolution display that gives you all the space you need to share ideas. The multi-touch screen uses ShadowSense™ technology that enables you to precisely annotate documents.

Secure and easy to use

With its intuitive interface and the choice between a Ricoh or an OS free controller, the D6510 is designed for ease of use. In addition, optional SLNX integration facilitates simple, secure card-based access and emailing and printing of the annotated documents to keep the team aligned.

Adaptable to your needs

With a range of connectivity options, the D6510 enables seamless integration with your devices. It comes with Bluetooth for smart phones and tablets, and includes multiple USB ports to attach hardware like keyboards. You can also browse the web straight from the whiteboard.
